

ZANAS® INTEGRATED SALES, PURCHASES, INVENTORY & ACCOUNTING SOFTWARE

ZANAS® is a stock, purchases and sales inventory system from Primesoft Solutions (K) Ltd, which is highly user friendly and easy to use & learn. The system is real-time and has perpetual inventory – that is stock balances are calculated as they are received/purchased, returned, transferred to other locations or sold. ZANAS® is integrated with G/L accounting at real-time and monthly/daily/annual financial reports can be produced at any time. It is suitable for small, medium and large businesses.
